### M'KONE SUES FOR \$10,500

Action Against Estate of Man  
Killed Oct. 15, 1916.

A suit for \$10,500, brought by John Harold McKone of Dover against the estate of Ernest D. Moulton of North Hampton, administrator of the estate of Ernest D. Moulton. The case grew out of an automobile accident which occurred on the Post road, Kittery, Oct. 15, 1916, when the machine containing Mr. and Mrs. Moulton, McKone and another woman, was badly wrecked near a curve and as a result of the accident Mr. Moulton died later at the Portsmouth hospital.

The plaintiff, McKone, was also badly injured and was confined to the hospital for several weeks. McKone claims he suffered a punctured bladder and other injuries and seeks the above named amount as damages.

Judge B. L. Dupont and John L. Mitchell appear for McKone and George H. Hughes of Dover for the estate. The jury this forenoon took a view of the scene of the accident, and is made up of the following: Fred F. Hatchelder, Exeter; Volney H. Moody, Derry; John C. Davis, Derry; Jesse O. White, New Castle; Norman L. Chase, Southbrook; Frank H. Fogg, Hampton Falls; Remond C. Champlin, Candia; Thomas A. Brown, Hampton; George A. Bennett, Newmarket; Frank H. Garland, Nottingham; Charles A. Oxford, Portsmouth; Charles P. Upham, Derry.

### AMERICANS HAVE FIRST NIGHT IN GERMANY

(By Associated Press)

American Army of Occupation, Monday, Dec. 2.—After their first night's sleep in Germany the American troops of the army of occupation were ready at dawn this morning to resume their march toward the Rhine. In advancing toward Coblenz the American forces are moving aside the Moselle, travelling in a northeasterly direction. Crossing the Rhine the American army will take up a line a little over 60 miles in length. It will describe an arc of a circle having Coblenz as a centre and with a radius 18.5 miles in length.

### RESERVE OFFICERS TO WEAR UNIFORMS

(By Associated Press)

Washington, Dec. 3.—Reserve officers were today authorized by the War Department to wear their uniforms for three months after their transfer to the inactive list. This privilege already is accorded by law to any person honorably discharged from the navy, army or marine corps, regular or volunteers.

### ETHER NOW USED BY BURGLAR

It appears that there is some truth connected with the latest break and the attempt of the burglar to "apply ether" on the inmates. He entered a house on Hanover street after the break at Dr. Berry's where he obtained a can of ether. He sprinkled or threw the ether into a room where the occupants were sleeping. A woman in an adjoining room awoke and frightened the burglars away. The man of the house is employed at one of the ship yards. The Herald has not as yet been able to obtain his correct name and address.

### POLICE FIND EIGHT CASES OF WHISKEY

Liquor Was Stored in Cellar on Church Street; Owner Missing.

Eight cases of whiskey amounting to 28 quarts, was found in a cellar on Church street by the police on Monday night and a warrant issued for the arrest of the alleged owner, who up to noon today was missing. The officers have for some time been watching along that street for the wet goods, but not until Monday did they locate the right place of storage. The liquor no doubt was taken out from time to time and sold.

## HANOVER LOSES POPULAR PRIEST

Rev. Dr. McCooey Goes to Newmarket, N. H.

Hanover, N. H., Dec. 2.—Word was received here today that Rev. Dr. James E. McCooey, for 12 years pastor of St. Deirdra's Church, and a friend to every Dartmouth student for the entire time of his pastorate, has been appointed rector of St. Mary's church of Newmarket, to succeed the late Rev. James H. Riley.

The loss of Dr. McCooey will be great, as he was such a big man for so small a parish, but did wonderful work among the college boys and held a place in their friendships equal to the most popular man on the Dartmouth faculty. His advice was sought not only by the Catholic boys of the college, but by all classes and upon all subjects. He was more of a man than a priest to them.

Dr. McCooey was born in Dover, N. H., 43 years ago. He was attached to churches in Manchester and Portsmouth, coming to Hanover in 1907 as the first resident pastor of the parish. Since that time he has been largely associated in work with the Dartmouth student. His promotion is gratifying to the people of Hanover, but his loss to the men of Dartmouth is great.

## CERTIFICATE PLAN ABANDONED

Concord, Dec. 2.—So many requests have come to the state food administrator relative to the new sugar regulations that H. N. Spaulding, administrator, has issued the following statement, addressed to all jobbers, retail grocers, bakers, public eating places and manufacturers of sugar:

"The certificate plan of the United States food administration will be abandoned on Dec. 1. This applies to all classes of sugar to any one. That is, jobbers and refiners may, after Dec. 1, sell sugar to all users without certificates.

"The only limitation imposed by the food administration in that purchasers be limited to a thirty days' supply until the free arrival of Cuban raw sugar, which is expected between Jan. 1 and 15. The public eating houses are still expected to limit their sugar

supply and should not purchase more than the equivalent of four pounds for each ninety meals served. Individuals are expected to limit their consumption to four pounds per month, and retail dealers are not expected to sell more than this amount."

Mr. Spaulding has stated that the above notice will constitute a legal notice and the individual users will be notified as soon as possible from his office.

## TO PLAN IN LONDON OUR ARMY'S RETURN

Paris, Dec. 3.—Edward N. Hurley, chairman of the United States Shipping Board, with Special Commissioner Logan and other shipping experts, left Paris Monday for London, where they will take part in discussions of shipping questions incident to the meeting of the Supreme War Council.

One of the principal questions concerns the use of German merchant shipping for food relief and the movement of American troops.

Herbert C. Hoover, American Food Administrator, also is in London in connection with the plan for his appointment as director general of Allied relief.

## AMERICANS ARE BEST CLOTHED OF ALL PRISONERS.

London, Dec. 3.—The Americans are the best fed and best clothed of all the prisoners returning from Germany, according to Maj. Carl Dennett, deputy commissioner of the American Red Cross in Switzerland, who has been in charge of the work of prisoners' relief for the United States for the past few months. Major Dennett sailed Monday for New York to make a report on the work. Just prior to his departure he made this statement:

"A great deal has recently been said in the papers about the condition of the returning prisoners. I have seen thousands of them, and there is no question that a majority of the English, French and American prisoners are very well fed and clothed and present a normal appearance. This is not due to any care or attention on the part of the German authorities, but is due to relief supplies sent from their respective countries.

"The prisoners in Germany and Austria, who have not been supplied with food and clothing by their governments are in a deplorable condition and many thousands of them have died of starvation. This is especially true of Italian prisoners.

## ESTIMATES PROVIDE ARMY OF 500,000

Question of Pay of Guard and Reserve Deferred.

Washington, Dec. 3.—A regular Army of approximately 500,000 men is provided for specifically in estimates submitted to Congress Monday for the fiscal year beginning next July 1. Detailed items on the pay of the Army show that provision is made for the payment of only 21,259 officers and 322,665 men of the line and approximately 130,000 noncombatant troops with the requisite staff officers.

The inclusion in the estimates, however, of five items of pay, with a nominal appropriation of \$100 each, shows that the whole question of the future strength of the Army has been deferred and that supplemental estimates are to be expected when it is possible to present a completed project. The items thus held in suspension are those providing for the pay of reserve and national guard officers and men.

The Naval estimates are framed on an exactly opposite theory. Every provision is made for steady and rapid increase of the fleet, a total of approximately 434,000,000 being asked. Of that sum \$200,000,000 is the first increment of the proposed new three-year building program providing for 10 additional dreadnoughts, six battle cruisers and 140 other fighting craft. The remainder would go to complete ships of the first three-year program.

Sec. Daniels has asked renewal also of the Naval emergency fund item, under which Congress appropriated \$100,000,000 last year to provide for construction of additional destroyers, submarine chasers and other special craft and to expedite construction work. This year, however, the department asks for \$175,000,000.

The total appropriation for the Naval establishment is estimated at \$2,644,000,000, or an increase of approximately \$1,000,000,000 over the current year. The pay item stands at \$579,045,000 against \$227,372,848 this year. Similarly \$165,236,000 is asked for the Marine Corps, against \$143,339,000 this year.

The most striking equipment appropriation of the Army budget is for the air service. Under aircraft production a lump sum estimate of approximately \$145,000,000 is submitted, supplement-

ed by an additional \$20,000,000 for the air service. Last year the appropriations under these two headings were respectively \$76,000,000 and \$184,000,000.

The production estimate is not shown in detail. An attached table, however, gives the following information of expenditures this year: Of a total outlay of \$215,000,000 on material \$78,459,000 went for airplanes and parts, another \$77,000,000 for airplane engines and approximately \$2,000,000 for balloons.

Under fortifications a total of \$574,237,000 is asked against \$3,099,795,000 this year. This estimate however, carries much of the army artillery and ammunition expenditures. The artillery item is \$522,145,000 against \$2,795,000,000 this year. A new appropriation of \$31,654,000 is asked for actual seacoast defenses.

The Navy estimates provide an item of \$225,000,000 for aviation, a slight increase over this year; duplicate last year's \$2,065,000 for training camps; ask \$77,500,000 for smokeless powder; \$136,000,000 for new ship's batteries; \$125,000,000 for ammunition; \$77,000,000 for reserve ordnance supplies and \$5,000,000 for equipping navy yards for construction work.

Among Army estimates are \$103,718,000 for small arms ammunition, \$54,400,000 for ordnance equipment; \$58,835,000 for machine guns; \$61,146,000 for armored cars and \$5,032,000 for the Military Academy.

## BACK LIKE A BOARD? IT'S YOUR KIDNEYS

There's no use suffering from the awful agony of lame back. Don't wait till it "passes off." It only comes back. Find the cause and stop it. Diseased conditions of the bladder or kidneys are usually indicated by stiff lame back, wrenching pains, lumbago, solicitation, nervousness, sleeplessness, tired, worn-out feeling, pain in the lower abdomen. These are nature's signals for help!

Here's the remedy. When you feel the first twinges of pain, or experience any of these symptoms, get busy at once. Go to your drugist and get a box of the pure, original GOLD MEDAL Italian Oil Capsules, imported fresh every month from the laboratories in Hagerlem, Holland. Pleasant and easy to take, they almost instantly attack the poisonous germs that are clogging up your system and bring quick relief.

For over two hundred years they have been helping the sick. Why not try them? Sold everywhere by reliable druggists in sealed packages. Three, six, and twelve boxes if they do not help you. Ask for "GOLD MEDAL" and be sure the name "GOLD MEDAL" is on the box.

New York, Dec. 2.—The staff of The Associated Press at the Peace Conference will be made up as follows: Melville E. Stone, general manager; Elmer Roberts, chief of the Paris bureau; Robert M. Collins, chief of the London bureau; Charles T. Thompson, Charles B. Clobber, Salvatore Corbelli, chief of the Rome bureau; L. C. Frobert, chief of the Washington bureau; S. B. Conner, former chief of the Berlin bureau; Edwin M. Hood, Robert Terry, P. B. Grundy, J. A. Bonham, Hugo McFall, James J. Howe, Philip M. Powers, Stuart Maconey, S. P. Wader, and T. P. Topping.

Many of the above named men were in this city for the Russian-Japanese conference, notably Salvatore Corbelli of Rome.

## TO HAVE ARMY OF HALF A MILLION

(By Associated Press)

Washington, Dec. 2.—A regular army of about half a million men is proposed by the estimate submitted to Congress for the 1920 appropriation. Detail items are: Pay of army, \$1,922,000,000; provisions are made for 14,459 officers and 322,665 men, with 130,000 non-combatant troops in all branches. The naval estimate provided for a steady and rapid increase in the navy; \$134,000,000 is asked and of this \$200,000,000 is the first allotment of the new three-year building plan which provides for 10 additional dreadnoughts, six battle cruisers and 140 other fighting ships, the remainder to go to the completion of the ships now under process.

## GEN. EDWARDS VISITS AYER

Ayer, Mass., Nov. 2.—Major General Clarence R. Edwards, commanding the department of the Northeast, made his first visit to Camp Devens since he left it with the 26th division.

The work of demobilization of the troops was rapid today when over 700

men were discharged. Tomorrow the last of the depot brigade will be examined and the work of discharging them begun, and the whole brigade is expected to be finished by the end of the week. Five thousand State Guards are to be sent here for examination and discharge.

## CYCLOPS SECRET A MYSTERY TO ALL

Washington, Dec. 2.—The Navy Department has absolutely no information as to the fate of the Cyclops, which disappeared without leaving a trace after sailing from Barbadoes for Hampton Roads. The Cyclops sailed from a Brazilian port with 10,000 tons of manganese ore, stopping at Barbadoes for bunker coal.

When the vessel sailed from that port for Hampton Roads one engine was out of commission and she was making about 10 knots. Every possible guess has been made as to what happened to the collier, but absolutely no information has reached the Navy Department that throws any light upon this mysterious sea disaster.

The department is not silent to protect any secrets but simply because no official knows any more about the Cyclops than persons outside.

## CONGRESS TO STUDY R. R. PROBLEMS

(By Associated Press)

Washington, Dec. 2.—The creation of a joint committee to make a study of the needs of the railroads will probably be done as suggested in the President's message.

## TO BE GUEST OF KING OF ITALY

(By Associated Press)

Rome, Dec. 2.—Great preparations are under way for the reception of President and Mrs. Wilson on their visit to Rome. They will be the guests of the King and Queen of Italy and will occupy the royal suite which the Emperor and Empress occupied when they visited Rome.

## CONGRESS HAS IMPORTANT PROGRAM

(By Associated Press)

Washington, Dec. 2.—The 65th Congress today began its last session and with some very important measures before it. A solution of the railroad problem, the army and navy reorganization, reconstruction legislation, war revenue and women's suffrage will be the principle items. The fact that the peace treaty will not be signed until spring possibly excludes that from the consideration of Congress.

## WAR TIME COSTS EXTEND TO PEACE TIMES

(By Associated Press)

Washington, Dec. 2.—War expenses persisting in peace times, but falling off rapidly, will make the government estimate \$7,443,415,238, of which \$5,212,000,000 will be for the army and navy, and \$2,231,415,238 for interest on war debt and \$579,000,000 is to continue the building of the merchant marine. This is in comparison with the present expenditure of \$21,000,000,000 for the current year.

## AWARDED VICTORIA CROSS

(By Associated Press)

London, Dec. 2.—The Victoria Cross has been awarded to Major William George Barker and Captain Andrew W. H. Proctor, of the Royal Air Force. Major Barker brought down 50 German machines during the war while Captain Proctor from August 8, 1918 to the end of hostilities destroyed 23 German planes and 16 kite balloons and drove down 15 enemy aircraft out of control.

## ENGLAND TO DEMAND THE KAISER

(By Associated Press)

Liverpool, Dec. 2.—Sir Frederick E. Smith, the Attorney General of Great Britain, in an interview said that the British War Cabinet, including the colonial members, would press Holland for the extradition of the former Kaiser.

## TO MAKE APPOINTMENTS BEFORE LEAVING

(By Associated Press)

Washington, Dec. 2.—Assurances were given callers at the White House today that the President would appoint a secretary of the treasury and a director general of railroads before he left for France. Robert S. Lovett is under consideration for the latter post.

## TO REBUILD BARRACKS HERE

(By Associated Press)

Washington, Dec. 2.—Abandonment of the construction program of the war department is announced, but there will be some work such as the rebuilding of the old cantonment at Portland for winter use, the remodeling of the Boston cantonment, and the rebuilding of the cantonment at Portsmouth for winter use.

## RESOLUTION AUTHORIZING V. P. TO PERFORM DUTIES OF PRESIDENT

Washington, Dec. 2.—A joint resolution offered by Representative Vandenberg of Illinois, Republican, today proposes that Congress declare President Wilson's trip to Europe "constitutes an inability to discharge the powers and duties of the office of President" and that so long as he is away from the country the Vice President shall act as President.

The charm of those early days is  
in every puff of Virginia tobacco

In those quaint old days, Virginia was the only tobacco cultivated anywhere in the world. But today, with many kinds to choose from, smokers still prefer Virginia tobacco—particularly for cigarettes.

That golden Southern sunshine and the rich Virginia soil yield an appetizing freshness not found in any other tobacco—a "lively," "snappy" taste that is a happy surprise to smokers of ordinary cigarettes.

"A package of Piedmonts, please."

NOTE: More than one-third of a billion pounds of Virginia tobacco went into cigarettes during the past year—that is about five times more than all foreign-grown tobacco combined. And Piedmont is the biggest-selling Virginia cigarette in the world.

## KAISER AND FAMILY WHY DISMISSED

(By Associated Press)

Paris, Dec. 2.—Discussing the situation in Germany brought about by the former emperor's act of renunciation, a Basel dispatch says "the impression is made that the Hohenzollerns were dismissed only because they failed to conquer and not because they violated all laws of humanity."

## STATE ACQUIRES WEARE PAPERS

By the terms of a settlement effected by Assistant Attorney General Joseph S. Matthews of New Hampshire and the heirs of Jacob B. Moore, which was approved by the governor and council at their meeting Saturday the State of New Hampshire comes into possession of the volume of his

torient papers which have been a source of controversy for more than three years. These are the famous "Weare Papers," many of them being the original documents relating to the history of the state during the colonial period and in the Revolution when Meshech Weare was chairman of the New Hampshire Committee of Safety. Lost for nearly a century, the hundreds of broadsides, documents, manuscripts and letters in this collection have been estimated by experts to have an auction value of not less than \$50,000. By the terms of the settlement the state gets them for about \$3,000.

## POWERFUL LIGHT IN THICK WOODS.

Exeter, Dec. 2.—Fish and Game Detective Fred H. Thompson of Hampton, who has returned from a trip to the northern part of the state, reports that he with Detective E. J. Denberg of Newport caught two Massachusetts apartment hunters after in the Passaconaway valley. There were George Hatch of Nahant and William Natalie of Winthrop who were arrested before Judge Gibson of Conway and found guilty each

being fined \$100 and costs amounting, where it was alleged that they had to \$119.70. The detectives on onto the offenders, alleged that the lights were being used at midnight in the thick woods, as guided as one of the party was lost.

## Portsmouth and Her Great Chance.

Portsmouth has the one chance that she has hoped for—the opportunity to become a permanent industrial center and a great shipping port. The most important thing in connection with the realization of this is to present a united front and go after it.

The greatest drawback is our petty political squabbles and the bringing into our city affairs political rings and constant wrangling. Isn't it possible for our people to get together for their own good and work for the community and its upbuilding? Let's give up the political party in city affairs.

## Bon Voyage to the President.

The President of the United States leaves for Paris on a most important mission and every true American hopes he will succeed. Much has been said about the propriety of his leaving the country, but most of the criticism has come from the opposition party. No matter what the objections are the President is going and all America hopes for a safe and successful passage, that he will give dignity to the meetings and valuable aid to the members of the conference is certain. The country should profit by his attendance and let us hope that the high ideals hoped for may be realized.

General Manager W. G. McLoon will have the sympathy of the entire community in his terrible misfortune. To have his charming wife crushed to death as she was nearing his office to accompany him home as she had been in a habit of doing, was unbelievable. It was a shock to hundreds. She was active, full of life, a great charity worker and how to account for the horrible accident has puzzled all. She had always been familiar with autos, knew the danger about our streets and yet she fell a victim.

Boston, New York, Newport News, Va., and Charleston, S. C., are the ports named for the landing of American troops when they return from the front. Nothing is said about Portsmouth, notwithstanding the fact that it is one of the best ports on the Atlantic coast and the place where at least some of the New England men should be landed.

There is talk of making Mr. Hoover director general of relief work in all of the Allied countries. Puffing General Foch at the head of all the armies worked well, and a similar plan might work equally well in this case.

It is announced that the Fuel Administration will continue to "function" until the end of the coal year, April 1. It is to be hoped that it will "function" better than it has some of the time since it was called into being.

The breweries have been choked off, but it is claimed there is enough beer to last for several months. It is quite possible, however, that there may be quite a drouth before they start up again.

It is declared on what should be the best authority that more than 200 German U-boats were sunk during the war. And everybody knows what became of their crews.

The effort to prove that Germany started the war seems like an unnecessary expenditure of energy. Everybody knows who started the war, and who ended it.

The draft boards have been instructed to wind up their affairs, and the Students' Army Training Corps are to be demobilized forthwith.

Winter has raised its white flag in many parts of New England, but this doesn't mean surrender. Far from it.

The war is over in spite of the fears of some timid souls that Germany is again getting ready to "spring."

The peace delegation has been made up. And, as usual, there are some disappointments.

## BAYES GETS A VETERAN PACER

Local horsemen will be interested to know that George H. Bayes, the Keenebunkport and Dover, N. The grand circuit reinman, Walter Cox, cleared big money with Baron A. several years ago, and the stallion likely will be campaigned over the ice tracks of Maine by Bayes this winter. Joe Johnson has an ice prospect in Killarney, 2:12 1-4, a bay pacing gelding by Armont.

## EDITORIAL COMMENT

**Under the Red Flag.**  
(From the New York Herald)  
The fact that of these men arrested in the Madison Square Garden riot last Monday night all were of Russian birth, while four confessed that they could not read or write, probably will give an impetus to the cult of Bolshevism which now claims the attention of many persons who pretend to be intelligent.

If specimens of the various types that compose New York's Bolsheviks could be gathered together the exhibit would make the "congress of freaks" that accompanies the Bazaar and Bailey show look like an assemblage of normal and conventional beings. In this exhibit would be found the woman of society who gains a little cheap notoriety by sitting beside the defendant in the court room and inviting widowed anarchists to dinner because they are a "menace to society." She is aided and abetted by her more influential and therefore more culpable instigator of revolt, the college professor or clergyman who, she declares, "has made a study of social unrest and the problem of non-employment." The collection would be incomplete without its representative from Greenwich Village, which teems with hatless, long-haired Bolsheviks who but yesterday were professional Bohemians and now fearlessly wave the red flag when the police are not around.

And the leaders of these "intellectuals" are the seven who were arrested on Monday night—all born in Russia and only three able to read or write.

## A Perversion of Justice

(From the Boston Transcript)  
The governor of California commutes to life imprisonment the sentence of Thomas J. Mooney, sentenced to be hanged on Dec. 13 for murder in causing the death of ten persons by a bomb explosion during the preparedness parade in San Francisco in July, 1916. In his public statement announcing this action, though he declares that the action is taken because of certain new developments following the conviction which could not be considered by the State Supreme Court, the governor presents most prominent facts as if they were the real basis of his action, two telegrams which were sent to him by President Wilson. These telegrams urge upon the governor of California a commutation of Mooney's sentence on the ground that the execution of the sentence would greatly complicate certain international affairs. A commutation, President

Wilson told Governor Stephens in a telegram would have "a most heart-felt effect upon certain international affairs." As it is quite evident from the governor's statement that he believes that Mooney was guilty of the crime of which he was convicted, but as he nevertheless presents so prominently the "urgent appeal of the President of the United States that I grant commutation," it becomes evident that this stay in the execution of the decree of the Court is really made on account of the Presidential appeal.

We do not assume either the guilt or the innocence of Mooney. The trial judge in his case, moved either by new developments or by appeals, had recommended a new trial. It is possible that Mooney should have had one, but that is not the question considered in Governor Stephens' statement. The simple fact is that, for the first time in American history, the enforcement of justice in one of our courts is by this conclusion subordinated to an international consideration, or to a fanciful international complication. What is the complication? We are not told precisely, but everybody knows that it has reference to the demand of certain European Socialists, who are more or less influential in the affairs of several governments, and who have demanded a re-trial or a release for Mooney as the price of their adherence to the main purposes of the Allied governments in settling the war. In other words, the machinery of justice in the United States is subordinated and prostituted to the interest of a certain party in an international proceeding. The situation links up directly with the statement made by Mr. Frank R. Kent, the editor of the Baltimore Sun, in an injudicious publication calculated to prejudice the good relations between the French and the American people, that "President Wilson has more influence with the Socialist French party than any other man."

To build up this supposed influence are the decrees of our American courts to be set aside in any such manner as this, and one of the most detestable and bloody crimes in our history regarded as if it were a commendable act? We do not believe that the American people will stand for any such perversion of justice as that. They are more likely to stand with the judgment of the Supreme Court of the United States, which is that no outside consideration whatever should interfere with the operation and the results of the deliberate inquiries of our state courts and their juries into the evidence in criminal cases. Our laws and our courts, with their elaborate guarantees of the safety, and the rights of the citizens under any accusation whatsoever, are the most sacred thing that we have. To prostitute them to any international complication is as dangerous as it is wrong. The sentiment of the whole people of the United States should be aroused at once to the mischief and the peril of such a proceeding.

## EX-KAISER HEARS SERMON ON HUMILITY

### Former Autocrat Listens Attentively to Isaiah's "Her Iniquity is Pardoned."

Amsterdam, Holland, Sunday, Dec. 1.—William Hohenzollern and his wife, Augusta Victoria, attended divine service in the castle here this morning. The service began at 10.15 a. m. and lasted until 12.15 p. m. It was conducted by Rev. W. Reichel, a clergyman of the Evangelical Brethren.

The congregation included Count Von Bentinck, the former Emperor's host, and the castle servants, and Count Von Bentinck, of Maylestein, a brother of the owner of the castle, and his family and servants.

The first reading of the Scriptures, which the former Emperor listened to attentively, was from Matthew xxi, verses 1 to 9. This was followed by the singing of the hymn, "God be Praised Throughout the World," the reading of the liturgy, prayer, the second reading of the Scripture and another hymn.

The preacher took for the text of his sermon Isaiah xl, verses 1 to 8. The service closed with the singing of the hymn, "A Heart That Loveth Humility," and the benediction.

No foreign visitors were in the chapel, nor was there any particular activity manifest in the life of the castle.

## "Comfort Ye," Read to Hun Ex-Emperor

Isaiah, Chapter 40, verses 1 to 3.  
1. Comfort ye, comfort ye, my people, saith your God.  
2. Speak ye comfortably to Jerusalem, and cry unto her, that her warfare is accomplished, that her iniquity is pardoned; for she hath received of the Lord's hand double for all her sins.  
3. The voice of him that crieth in the wilderness, prepare ye the way of the Lord, make straight in the desert a highway for our God.

4. Every valley shall be exalted, and every mountain and hill shall be made low; and the crooked shall be made straight and the rough places plain.

5. And the glory of the Lord shall be revealed, and all flesh shall see it together; for the mouth of the Lord hath spoken it.

6. The voice said, Cry. And he said, What shall I cry? All flesh is grass, and all the goodliness thereof is as the flower of the field.

7. The grass withereth, the flower fadeth; because the spirit of the Lord bloweth upon it; surely the people is grass.

8. The grass withereth, the flower fadeth; but the word of our God shall stand forever.

## Text of Sermon to the Hohenzollerns

St. Matthew, Chapter 21, verses 1 to 2.

1. And when they drew nigh unto Jerusalem, and were come to Bethphage, unto the Mount of Olives, then sent Jesus two disciples.

2. Saying unto them, Go into the village over against you, and straightway ye shall find an ass tied, and a colt with him; loose them and bring them unto me.

3. And if any man say aught unto you, ye shall say, The Lord hath need of them; and straightway he will send them.

4. All this was done, that it might be fulfilled, which was spoken by the prophet, saying,

5. Tell ye the daughter of Zion, behold, thy King cometh unto thee, meek, and sitting upon an ass, and a colt the foal of an ass.

6. And the disciples went, and did as Jesus commanded them.

7. And brought the ass, and the colt, and put on them their clothes, and they set him thereon.

8. And a very great multitude spread their garments in the way; others cut down branches from the trees, and strewed them in the way.

## NAVY YARD NOTES

### Repairing Transports.

Two ships to be used for overseas transportation arrived at Charlestown navy yard on Monday for repairs.

### Industrial Secretary.

George Edgar Polk, who has returned from several months' experience in the front trenches, took up a new line of work as Industrial Secretary at the Charlestown navy yard on Monday and is working in conjunction with the safety engineer. His introduction to the men was conducted under rather auspicious surroundings and was at the first indoor noon-time band concert for employees in the Y. M. C. A. hut. He showed some daylight movies for the shop men.

### Sending Them to Sea.

All navy officers below the rank of rear admiral who have been assigned to two and a half years of continuous land duty are to be ordered on sea duty as soon as it is practicable. Secretary of the Navy Daniels announced today.

Before the war a ruling was effective in the navy that all officers who had been on two years' continuous land duty were in line for sea duty.

This ruling, however, was suspended during the emergency to provide officers for important office duties.

Secretary Daniels said that he had instructed the Bureau of Navigation to send to him names of all naval officers who will be subject to sea duty under the order today.

### Demobilization Duty.

Rear Admiral Albert S. Ross is in Boston looking over naval units preparatory to demobilization. He visited Commonwealth Pier and Bunker Island on Monday. Other units will be visited today.

### Will Hold Marines

Announcement by Marine Corps headquarters is made to assist those who wish to leave the service of the Marine Corps. The announcement affects these three classes:

1—Those who enlisted for the duration of the war.  
2—Those who joined the corps through the draft.

3—Those who voluntarily enlisted for four years, with the stipulation that it be only for the national emergency or during the war.

Secretary Daniels states in the circular of instructions that war will not be officially ended until a peace treaty has been signed and ratified and that the emergency will not cease until so declared by proclamation of the President. There will be therefore, no general demobilization of the Marine Corps.

### Nearly Ready.

The new scale of wages for the draftsmen recommended by the officials of the Industrial Department will shortly be forwarded to the department at Washington for approval. The officials have been working on the proposed new rate of pay for the past two weeks following recent orders from the secretary of the navy.

### Sent Back to Hospital.

Edward Thompson of Rochester, N. H., a driller employed on submarine

work, was injured in some way early this morning shortly after he left the yard with the intention of going home and taking a train at Kittery Junction. At the station he grew worse and it was necessary to notify the medical officer at the navy yard. A doctor was sent to the depot and after temporary treatment he was removed in the yard ambulance to the naval hospital.

## GOES TO FRANCE WITH DELEGATION

Manchester will have a representative in the party accompanying the President and the other American commissioners to the great peace conference. Among those who sail today from New York with the American mission will be Miss Ruth Higgins, daughter of Mr. and Mrs. Edmund P. Higgins of 75 Bay street.

Miss Higgins goes abroad as secretary to Major Ayers, one of the military attaches. She is a graduate from Smith college and from the secretarial course at Simmons, and for some months she has held a position in the government service in Washington.

## PARENT-TEACHER ASSOCIATION AT LAFAYETTE

The Lafayette School Parent-Teacher Association held a well attended and extremely interesting meeting in the school building Monday evening.

Following the report of the secretary, Mrs. Pauline Aikon, who represented the Association at the state meeting in Concord in May, gave a very interesting report of that meeting.

Superintendent William H. Clayton then made a brief statement of the results of the home gardens carried on by the school children of the city last summer, quoting figures which proved that the movement was eminently successful.

The chief topic for the meeting was "Medical Inspection in Public Schools" and Miss Elizabeth Murphy of the United States Public Health Service was the speaker.

Miss Murphy has had several years' experience in the work as carried on very successfully in Concord, and was able to point out most convincingly the benefits of careful inspection of children in schools.

The Association then adopted the following resolutions:

Resolved, that the Lafayette School Parent-Teacher Association, desiring to further the welfare of Portsmouth children, urges the adoption of an adequate plan of health inspection in all public and private schools in the city.

Resolved, that the Association do all in its power to secure equal privileges for all public school children, particularly with reference to the extension of playgrounds and all-the-year supervised play.

Songs by Mr. Ernest Cook added much to the pleasure of the gathering.

## OBITUARY

Charles Coleman Frost.

The death of Charles Coleman Frost of 112 Deer street occurred this morning. He leaves a wife, his parents, one brother, George and a sister, Myrtle of this city.

Mrs. Mary A. Durgin.

The death of Mrs. Mary A. Durgin occurred yesterday at her home on Durgin lane, Gravely Ridge, at the age of 91 years. Mrs. Durgin resided with her daughter, Miss Lena Durgin, on her farm, which has been her home for many years. She was remarkably alert and active for one of her years, until late, and was a favorite with young and old in the neighborhood. Mrs. Durgin had hosts of friends and each Christmas she was liberally remembered, gifts coming from near and far. Her pleasant and hospitable nature made her liked by all who knew her and she will be much missed.

Mrs. Martha L. Welch.

Mrs. Martha L. Welch, who died in Raymond on Saturday, was a former resident of this city and the widow of Andrew Welch, who was employed for many years by the Boston and Maine railroad. After the death of her husband some years ago she took up her residence in Raymond. Mrs. Welch was a native of Newmarket, her maiden name being Martha Bennett. At the time of her marriage she came to this city to reside. She had one daughter, who died some years ago. Mrs. Welch was a member of Union Bethel Lodge and a woman of kindly characteristics, devoted to her home and family and held in esteem by all of her acquaintances. The funeral will be held this afternoon from her late home in Raymond.

## WHY DELAY? INQUIRES SENATE OF BAKER

(By Associated Press)

Washington, Dec. 3.—Secretary Baker, appearing before the Senate Military Committee today to explain the delay in completing the publication of American casualties overseas said he thought most of the unreported names were those of men slightly wounded and would come by mail. Senators were unable to understand why only something over 100,000 names had been published when it has been officially announced that casualties number 262,694. The Secretary said every effort consistent with accuracy was made to prevent delay and that Gen. Pershing had been urged repeatedly to expedite his lists sending the names of the dead first. The Department from the beginning, Mr. Baker said, "has never held up or delayed giving out casualty lists. Our policy has been

## NEW FORM OF GOVERNMENT FOR SPAIN

(By Associated Press)

Madrid, Dec. 3.—The Reformist Party has begun meetings to promote its program of constitutional reform. The measures demanded by the party include the following: Any bill rejected by the Crown is to become a law without reference to the Crown if the Parliament reapproves the measure. The royal prerogatives to be exercised under the responsibility of the ministers. The entire Senate to be chosen by the electors. Every province which demand autonomy and is in a position to fulfill the necessary conditions to be conceded its demands. Military service to be universal, with any person exempted paying during the term of service required a tax proportionate to his income. State schools and technical education to be largely increased.

## DRYDEN DEFEATS STURGIS IN A FAST MATCH

The wrestling fans had a treat on Monday evening when Bill Dryden, after a rattling good match, defeated Peter Sturgis, one of the best men that have appeared in this city. Sturgis at first looks light, but he is tall and had a wonderful pair of legs and there was little difference in their weight.

Sturgis is somewhat like Pinky Gardner but if anything faster and with more versatile attack. He makes great use of his long legs and he can use them in a scissor with good effect. In the opening Sturgis after the first few minutes was on the offensive all of the time and he swung Dryden from one hold into another and Dryden at times appeared lifeless and finally he got him with a full body hold for a fall in 21 minutes.

When they came back Dryden took the offensive and from that time forced the wrestling and it was a pretty exhibition with fast work by both. Finally at the end of 38 minutes Dryden with a half Nelson and a leg bar made Sturgis quit.

With one fall each they came back for the final bout and it was a pretty getting down to work and it was all up and back, but gradually Sturgis went on the defense and time after time he was out of tough places, but always got out. Finally both men sought for

the leg hold of any old hold that would get a win, but Dryden finally engineered Sturgis into a position that he was quick to grasp and secured a toe hold and the fall and win in 42 minutes. Sturgis after the match said: "I told the crowd that he was very anxious to get a match with Pinky Gardner, with whom he wrestled in Boston recently and lost out on a poor decision. He wanted to wrestle him here and it is possible that Dryden may stage the bout if he can get them signed up. They are two great wrestlers and it would be a great match if it could be secured, as Sturgis is very anxious to get back at the Southerner and it would be a finished match and above board."

## A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

If peevish, feverish and sick, give "California Syrup of Figs."

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign of little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold breath, bad, throat sore, doesn't eat sleep or act naturally has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative" and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

## HAS MATCHED JOHNNY RUSSELL WITH SNYDER

The Rockingham A. C. are to stage another boxing bout and this time they have signed up for a feature final bout Johnny Russell of New York, who fought Paddy Owens here some weeks ago, and Barney Snyder of Boston, a tall who is afraid of nobody in his weight. This should make a real bout and Manager Dow, to make sure, will demand that a good and sufficient forfeit will be posted to assure their appearance. The remainder of the card has not been arranged as yet. The bout will be held some time next week, the night to be announced.

If the rest of the card is in keeping with the headlines it should bring back the boxing fans.

### WAR HAS SHOWN NO NEED OF COAST DEFENSE CHANGES

Washington, Dec. 3.—Experience and lessons of the great war do not make necessary "any change in the fundamental principles" upon which the seacoast defense of the United States now is planned, Maj. Gen. William Black, chief of engineers, said Monday in his annual report. Nothing has happened, he added, "to throw any doubt upon the truth of the principle that properly constructed seacoast defenses, when properly manned and operated, may be relied upon to successfully resist a Naval attack."

The most important recommendation is that the development of portable mounts for large guns be followed in seacoast defenses by the installation of heavy ordnance on railroad mounts. There are many points along the American coast where these could be used to great advantage, Gen. Black said, but he added that the main reliance should be on the fixed emplacements.

Summarizing the part played by the engineers in the war, the report shows that regular engineer troops and special units totaling in strength 220,945 men were recruited and equipped and of this number more than 130,000 had been sent overseas at the close of the fiscal year last June 30.

### STATE DAIRYMEN TO MEET AT CLAREMONT.

Durham, Dec. 2.—Two hundred dollars in cash prizes will be distributed to New Hampshire dairymen who exhibit their products at the dairy show at Claremont, Dec. 13 and 14. In addition, several silver cups are offered. Dairymen may exhibit butter, milk, cream and cheese.

The dairy show at Claremont will be held in connection with the annual meeting of the Granite State Dairymen's association. Detailed information regarding the dairy show and the dairymen's association meeting may be had by writing to J. M. Fuller, Durham.

The Boys' Corn show will be held at Claremont, Dec. 13 and 14 in connection with the meeting of the dairymen's association. The contest is open to boys under 18 years of age. The state will be divided into two zones to be known as the northern and the southern zones. The northern zone will include Coos, Carroll and Grant counties; the southern Rockingham, Strafford, Belknap, Merrimack, Sullivan, Hillsborough and Cheshire. The corn must be the eight-rowed, yellow flint type.

The exhibits will be examined by a competent judge and prizes will be awarded as follows: In both the northern and southern zones, \$1 for first prize, \$3 for second, \$2 for third and \$1 for fourth place. A

\$25 silver cup will be awarded to the exhibitor of the best 10-cup sample of flint corn. This cup is to be held one year. If the same contestant wins the cup two years in succession, it will become his personal property.

The Dairymen's association will pay the express charges to and from Claremont on all samples of corn entered by boys who win a premium. Samples should be carefully packed and should be shipped to arrive in Claremont not later than Monday evening, Dec. 16. Mark the box plainly "corn" and ship collect to L. P. Brown, superintendent of exhibits, Claremont.

## ROCHESTER

Rochester, Dec. 3.—Announcement is made of the marriage of Edward C. Reinick of Springvale, Me., formerly sub-master of the Rochester high school, and Miss Beatrice C. Moshou of Oldtown, Me. The marriage occurred Aug. 26 and has been kept a secret until now. The bride is a graduate of the Oldtown high school. The groom is a graduate of the Brockton high school and the University of Maine, and has been prominent in athletics. He received at Camp Devens the commission of first lieutenant.

Ralph Young, son of Herbert Young of Charles street, attempted to jump on the running board of the hook and ladder truck Monday, as it was going to the fire on North Main street and lost his footing. He fell to the ground and a rear wheel of the truck passed over his leg, breaking it below the knee. He was removed to the Eagle hospital for treatment.

The alarm from box 27 at about 11 o'clock Sunday morning was for a fire at Ray Chabourn's garage on Walnut street. The structure and an adjoining henhouse were destroyed, together with an automobile and considerable personal property stored in the garage. The fire originated from a blow pipe Mr. Chabourn was using. The loss will amount to \$700 with no insurance.

Charles W. Varney, who was recently nominated for representative in ward 6, left Monday morning on a tour through the state in the interest of his candidacy for the speakership of the house. He is at present a member of Governor Hayes' council.

Mrs. Clara L. Callahan, wife of Alfred Callahan, died Sunday at her home on Portland street aged 22 years. She was born in Lebanon, Me., the daughter of William and Mary (Dearborn) Hanson and received her education in the Rochester public schools. Besides her widower she is survived by a young son, parents, two brothers and a sister.

One of the classes of the Advent Sunday school gave Arthur Bushnell a surprise party at his home on Washington street in honor of the 21st anniversary of his birth. In behalf of these present, Mrs. Ruth Hartford presented Mr. Bushnell with a handsome watch. Games were played and refreshments served.

Corpl. Richard Hanson of Camp Devens has been at home on a short furlough.

George H. Springfield has sold 12 Guernsey steers to New Hampshire college.

Wesley Goodwin, flagman at the Summer street railroad crossing, is out again after an illness of four weeks at his home.

Mr. and Mrs. Wayne Davis are here from Alabama to visit Mr. Davis' parents, Mr. and Mrs. Charles A. Davis of Myrtle street. For the past few months Mr. Davis has been engaged in war work in various southern cantonments.

Mr. and Mrs. A. Leslie Damon of Leonard street have been entertaining James Leach and daughter, Miss Ruby of Gilbertville, Mass.

Frank Masury, son of Mr. and Mrs. Charles F. Masury of North Main street who is in the United States navy has been enjoying a furlough here. He has been aboard a submarine chaser.

### QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets.

That is the joyful cry of thousands since Dr. Edwards' produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No griping or "cramps" of those little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver—and are constipated, you'll find quick, sure and only pleasant results from one or two Dr. Edwards' Olive Tablets at bedtime.

"Tiz" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; aches never hurt or seem tight.

Get a 25-cent box of "Tiz" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy. Just think! a whole year's foot comfort for only 25 cents.

## GOV.-ELECT MADE PRESIDENT

The annual meeting of the P. C. H. Club was held on Monday evening at their club rooms and the following officers elected for the ensuing year: President, Hon. John H. Bartlett; vice president, Walter L. Eastman; secretary-treasurer, Harry H. Woods; directors, A. Z. Leach, J. S. Carr, G. H. Dixon, Frank Hodgson and Robert Gregg.

## EXETER

Exeter, Dec. 3.—With the closing of the war some of the members of the faculty of the academy have returned or are about to return to their positions. These are Robert T. Newton, who resigned to enter U. S. A. work in France, he having entered upon his duties here as instructor in history, and Earl A. Barrett, instructor in French, who resigned at the opening of the year to enter the Harvard S. A. T. C., expects to soon return to the academy, Roy H. Shrewsbury, instructor in music, who is to be married on Dec. 14 to Miss Mary Victoria Tewksbury of Concord, Mass., expects to return as soon as he is released from the navy, where he has been serving of late.

Mrs. Louise Janvyn, Hampton Falls, oldest lady there, died Sunday morning, aged 92 years and 10 months. She was the widow of James Janvyn, her father being Joshua Janvyn, and her mother's maiden name Mary Dodge. The funeral services will be held this afternoon at 2 o'clock.

A reception was tendered Rev. and Mrs. James W. Harvey at the Methodist church Monday evening, the occasion being in recognition of his recent acceptance to a pastorate at the church. It was well attended, and a general "get-together" meeting of the parishioners.

The Exeter chapter of the Daughters of the American Revolution held its regular meeting Monday evening with Mrs. James H. Hatchelder on the Newmarket road.

The funeral services of Mrs. Helen L. Anderson wife of Col. H. W. Anderson, were held at the home this afternoon at 3 o'clock.

John W. Dooly of Leeds, England, a member of the board of trustees of the Christian Science church, delivered a lecture Monday evening in the town hall.

Mrs. John Whitmore died at a Boston hospital Sunday afternoon. She was a daughter of the late Deacon Daniel Smith of Brentwood and lived on Court street. The body was taken to Exeter Monday afternoon by Undertaker P. L. Jenkins.

Probably the first draftee to return to Exeter is Leonard H. Corbett, who has received an honorable discharge from Camp Devens and returned to his home here Monday. He was sent to camp late in the summer.

### SEND IN PICTURES

Send in a picture of your boy in khaki or blue for the Herald's picture gallery. Many people in this city and suburbs are making a collection of these pictures and pasting them in a scrap book for future reference. You will wish your boy in the service to have his picture in the collection with the others. Have a sketch accompany the picture and the name and address written on the back that it may be returned. The Herald office has had several photographs sent in with sketches. With the persons who send such in kindly send sketches to pray with the cuts.

## GERMAN NAVY ALL TURNED OVER TO ALLIES

(By Associated Press)

Hull, Dec. 2.—It is reported from Berlin that the surrender of the German navy under the terms of the armistice, with the exception of the battleship Konenbergo and the cruiser Dresden had been completed. The last of the submarines had left for England, making 121 delivered. The clearing of the mines in the Baltic has begun and the waters are practically free from mines at present.

## Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver,  
and bowel poisons before  
breakfast.

To feel your best day in and day out, to feel clean inside; to pour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe in the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

## OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head  
and Nose are Stuffed Up:

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

### ODD ITEMS FROM EVERYWHERE

Dakota farmers using a big motor-driven plow to dig up a powerful electric searchlight on the plow so that they can plow at night.

Shipping space to France was in such demand that the Government officials did not see how a big lot of second-hand shoes collected in Ohio for French refugees could be forwarded, but Miss Alice Archibald of the Metropolitan Canteen Service in France arranged through relatives in Philadelphia to have the shoes shipped in the interior of locomotive boilers from the Baldwin Locomotive Works, and now 30,000 French refugees are wearing the shoes.

THERE are a few merchandising concerns, the mere mention of whose names identifies them with American tradition; they are not half but wholly American; they have no foreign affiliations; their Americanism is unquestioned. The name

goes back almost to Revolutionary days. The founder, JONAS CHICKERING, developed the first American Piano, the Chickering, pre-eminent today throughout the world.

The wonderful AMPICO Reproducing Piano is the crowning achievement of Chickering genius. Exactly reproducing the playing of great artists, to own an Ampico is to add a musically gifted member to your family.

# NEWICK NOMINATED BY REPUBLICANS

## Will Head Ticket For City Election--Remainder of Ticket Selected

Mr. Ira A. Newick was nominated by the Republicans on Monday evening to head the ticket in the municipal election on Tuesday of next week and a strong ticket of councilmen at large and ward councilmen were nominated on the ticket with him. Among the councilmen at large Henry B. Tilton, the general manager of the Morley Motion Picture Company, was nominated and he was also named by the Democrats. The Republicans also named the same ticket for the Board of Instruction, that being the agreement for years to keep this board a non-partisan body. Charles E. Hodgdon was renominated for the assessor of taxes and Clarence Smart for a member of the Board of Public Works.

The city caucus was held from four until eight o'clock at the County Court house and there was a goodly number of votes cast, although there was no contest. The ward caucuses were held at seven o'clock at the various wards and there being no contest the vote was light.

Chairman Giffith of the city committee presided and at the conclusion of the caucus declared Ira A. Newick the candidate for mayor and soon after Mr. Newick was summoned and in a brief speech stated that if elected he would give the city a purely business administration and would do what he could to see that Portsmouth industries were kept going in this great reconstruction period that was coming. The following is the entire ticket:

For mayor, Ira A. Newick; for councilmen at large, Henry B. Tilton, Shes Frink, Lawrence C. Peyser, Thomas C. Leckey; for assessor of taxes, Charles E. Hodgdon; for member of board of public works, Clarence Smart; for members of board of instruction, Alfred Gooding, Edw. P. Randolph, John L. Mitchell, Edward P. Sherburne.

Ward councilmen--Ward 1, Charles E. Lewis; Ward 2, R. Curtis Matthews; Ward 3, R. Clyde Mangeson; Ward 4, Stewart E. Humphreys; and Ward 5, William H. Dunn.

## FORCE AT ATLANTIC TO INCREASE

General Manager H. C. Raynes of the Atlantic Corporation is making night and day into one in his efforts to get the last word in efficiency at the big steel plant. He wants a thorough contented and agreeable family--one determined to show the country that the finest ships in the world can be built right here. It is no small job to get an organization of the character to put such an enterprise in perfect working order. He has made quite a few changes and the big industry is now humming. More men of the right calibre and qualifications will be added. Iron workers particularly riveters, welders, chippers and caulkers, sheet metal workers and blacksmiths will be added as part as they report. Portsmouth must prove to the ship building world that she can equal the speed and production of the Pacific. General Manager Raynes' idea to prove this and he is winning the co-operation of all his men in this effort.

vote than 1917 election and the democrats 65.

That another ship from the ways at the Shattuck plant passed through the draw of Portsmouth and Kittery bridge on Monday.

That the Wholesack fog horn did its first blowing for snow on Monday night.

That it now looks as if the big banquet in Ward 5 may be sidetracked until the high cost of living is cut.

That Naval Constructor Adams says the 25 per cent reduction in the civilian force at the navy yard cannot come without a handicap to the local yard and a check in the progress of much work under way there.

That he hopes to convince the department at Washington that it cannot be done and have good results.

That the several companies of the fire department held meetings on Monday night.

That the city council four months ago voted for some cluster lights for Haymarket Square.

That the new films are not there as yet and it doesn't look as if they ever would be.

Time to Get Names on Checklists Expires on Wednesday Night.

The Board of Registrars are in session today and will also have a session on Wednesday. Tomorrow will be the last opportunity to get your name

placed on the voting list. Unless you appear at city hall on Wednesday it will require a certificate to vote on Tuesday next and the certificate may not come your way unless you have the right kind of an excuse for not meeting the board before that date.

## PEYSER WILL NOT BE A CANDIDATE

### Declines to Run at Large for the City Council.

Lawrence C. Peyser, nominated by the Republicans for councilman at large on Monday evening has requested the Herald to announce that he has declined to serve on the ticket and is not a candidate for any political office.

## HOLIDAYS ON THE 1919 CALENDAR

During 1919 the holidays of the year will fall on the following days: Memorial Day and the Fourth of July will fall on Friday, the Seventeenth of June on Tuesday, Washington's Birthday and Patriots' Day on Saturday, Columbus Day on Sunday, Christmas on Thursday, and New Year's Day on Wednesday. It has not been decided yet whether Thanksgiving Day will fall on Thursday or be combined with Victory Day, Tuesday, November 11.

## POLICE BOARD HAVE A QUIET MEETING
